# 1. Preliminary provisions

## 1.1 Definitions

---

Words in *italic* are defined under section 60.

## 1.2 Who can take out the policy?

---

This policy can be taken out by the companies and organizations mentioned in the agreement and/or policy signed between the company and Europæiske ERV. The company and the organization are henceforth referred to as the Policy holder.

It is a precondition for cover that Europæiske ERV has been informed about and has approved all foreign legal entities (branches, companies and the like) to be covered by the policy.

## 1.3 Who is covered by the policy?

---

The person(s) or group of persons specified in the policy, who can be

- Employees of the enterprise living and working abroad along with their accompanying *family*,
  - And accompanying children staying at an address other than the employee's residence. (For cover for Household Contents, Basic Travel Insurance, Extended Travel Insurance and Cancellation, a supplement to the ordinary policy is necessary),
  - Staff living at the employee's residence.
- The person(s) listed as covered by the policy are referred to hereinafter as "the Insured".

The policy also specifies whether the insured is registered as expatriate, "*host based delegate*" or *local* in the *country of residence*.

## 1.4 Where does the insurance provide cover?

---

The policy provides cover in the *country of residence* specified in the policy, as well as during temporary stays in the insured's *home country*. Business travels and leisure travels outside the *country of residence* are also covered. However, please see cover for Household contents, Basic Travel Insurance and Extended Travel Insurance.

However, it is a precondition for cover that Europæiske ERV has been informed about and has approved the *country of residence* in order to ensure compliance with said country's national legislation.

## 1.5 Acceptance and commencement of the insurance

---

When Europæiske ERV has accepted the request and the information regarding the health of the insured, Europæiske ERV will, based on the request and the information

regarding health, determine if the policy can be accepted and on what conditions.

Irrespective of Europæiske ERV's accept, Europæiske ERV does not carry the responsibility to ensure that the policy contains covers which are mandatory as per the legislation of the *country of residence*.

Should any changes regarding the health of the insured occur in the time period between the signing of the request and Europæiske ERV's acceptance of the request, the policy holder and/or the insured must inform Europæiske ERV immediately.

The commencement date is stated on the insured's policy. However, cover commences when the insured leaves home in the *home country* to begin stay in the *country of residence* at the earliest.

The policy must be paid on time for Europæiske ERV to provide cover. See section 48 for more information on payment.

Upgrading the basic cover and raising the premium is considered a new insurance which obliges the Insured to submit health declarations for medical underwriting. The upgrading and/or the increase of the premium are not valid until Europæiske ERV has accepted the request and after the expiry of any applicable waiting periods. Until then, the Insured is covered by the previous cover.

The policy terminates upon the insured's return to the *home country* at the end of the expatriation.

Unless otherwise stated on the policy, the policy and cover terminates after 60 months.

## 1.6 Information obligations

---

Europæiske ERV reserves the right to request new information regarding health information in case a new policy is issued due to expatriation to a new *country of residence*. It is a precondition for Europæiske ERV's cover that insurance may be offered in a lawful manner to the group of persons mentioned in the policy in the *country of residence*. Thus, it is a condition for Europæiske ERV's liability of cover and compensation, that Europæiske ERV be informed immediately should any of the following changes happen after the policy has been taken out:

- Changes in the status of the insured as either expatriate, "*host based delegate*" or *local*,
- Changes in the group of co-insured *family* members,
- Changes to the citizenship of the insured as well as co-insured *family* members,
- Changes to the duration of the insured's stay in the *country of residence*. Europæiske ERV must be informed in case the insured has stayed in the *country of resi-*

dence prior to the commencement of the policy, in order to ensure compliance with national legislation.

- Changes to the country of stay for the insured and co-insured.

The abovementioned information must be approved by Europæiske ERV. In case the abovementioned obligation of information is not observed and should the absence of said information subsequently cause insurance cover for one or more of the group of persons mentioned on the policy no longer being lawful according to the legislation in the *country of residence*, Europæiske ERV's liability of cover and compensation is annulled and Europæiske ERV is entitled to terminate the insurance.

## 1.7 Insurance policy and conditions

---

The policy includes a review of cover types and related sums insured. The only way in which you can form a complete and detailed picture of the actual cover and sums insured is to study these Insurance Conditions and compare them with the cover and sums specified in the policy. If a claims payment is not included in the description of cover (What expenses are covered by the insurance?), it means that the expenses are not covered by the insurance.

## 1.8 Sum insured

---

The sums insured/sub sums stated in the policy and the conditions for the individual cover types, form the limit of Europæiske ERV's liability for all occurring claims under the cover types during the valid *insurance period*.

Sums insured/sub sums are per insured individual per *insurance year*, unless otherwise stated in the conditions or the policy.

If the policy is purchased for a period of less than 12 months the sums insured for cover 20 Health Check and cover 23 *Dental Treatment* are reduced proportional to the period purchased.

## 1.9 What is a claim event?

---

A claim event is one or several events that occur at the same time in continuation of each other and which arise out of the same cause of *damage*.

Costs incurred by the insured in an *insurance year* as a consequence of the same illness or injury are considered a claim event. In the case of treatments which continue for longer than the actual *insurance year*, the claim event is regarded as having been terminated upon expiry of the *insurance year*.

A continuation of the treatment in a new *insurance year* is regarded as a new claim event, which is covered up to the limit of the sum insured for such new *insurance year*. Any portion or portions of the sum insured which have not been

disbursed in an *insurance year* cannot be transferred for expenditure during a later *insurance year*.

The policy does not cover expenses for treatment undertaken after the policy has expired. This applies regardless of the reason for said expiry.

## 1.10 Passing on information

---

In the event of a claim, Europæiske ERV may need to disclose information provided by the Insured and the scope of cover to Europæiske ERV's international network, including alarm centres and service offices. In case of search and/or rescue, the information will also pass the information on to Danish Ministry of Foreign Affairs. This is done to ensure the best possible assistance during the stay abroad.

It is the right of Europæiske ERV's doctor to seek information regarding the health and treatment of the Insured with the doctors and hospitals that have treated the Insured, and to discuss, to the extent necessary, conditions as reported to Europæiske ERV. Europæiske ERV guarantees full discretion with regards to such information. The Insured is obliged to sign a "medical statement" on request.

Europæiske ERV is entitled to request that the Insured be examined by Europæiske ERV's doctor or a doctor appointed by Europæiske ERV, including the right to have a "second opinion" made.

In case of death Europæiske ERV is entitled to request an autopsy. In this case Europæiske ERV will pay for all costs incurred. Should the bereaved reject an autopsy, the claim to compensation is annulled.

The degree of loss of ability to perform paid work is assessed in accordance with Section 5 of the Danish Liability for Damages Act ("Erstatningsansvarsloven"), and insofar as the Insured's loss of ability to perform paid work is at least

15%, the Insured is entitled to compensation for this loss to the amount of 25% of the disability compensation which is paid in accordance with the cover type Disability. The calculation does not take into account any possible deduction of compensation paid out pertaining to the cover Injury.

#### D Disability caused by tropical or eye diseases

Serious types such as leukaemia, lymphomas (lymph node cancer) and Hodgkin's disease (stages II - IV) are also included.

The diagnosis must be based on histological or cytological examination of the removed tumor and a biopsy thereof made by a specialist in pathologic anatomy.

Insurance cover is provided if the histopathological examination reveals malignancy, whereas spreading (metastasizing) is not a condition.

All forms of skin cancer are excluded from cover, including Kaposi Sarcomi, but not malignant melanoma. Furthermore, all tumors are excluded which at the histological examination are described as premalignant (initial stages of cancer), such as cell changes in cervix uteri (Cervical Intraepithelial Neoplasia (CIN), all stages), "carcinoma in situ", non-malignant bladder papilloma, stage I of Hodgkin's disease and chronic lymphatic leukaemia. Finally, tumors that occur as a consequence of an infection with human immunodeficiency virus are excluded, ie. HIV positivity with or without full-blown AIDS and/or AIDS related complex (ARC).

#### B Blood clot of the heart (myocardial infarct)

Acute necrosis of part of the musculature of the heart arising out of inadequate blood flow to the part of the heart in question. It must be possible to document the diagnosis and it must be based on at least two of the following three criteria:

- case history with typical, constant pain in the chest.
- newly arisen electrocardiographical changes, compatible with the diagnosis: acute myocardial infarction and
- significant increase of the blood values for relevant enzymes, first of all CKMB.

#### C Planned or completed bypass operation of coronary sclerosis

Planned or implemented heart surgery of coronary sclerosis (revascularization) including one or more coronary arteries with insertion of vein and/or artery grafts in patients with medically intractable angina pectoris.

Balloon dilation is comparable to surgery.

It is a condition that the Insured is enrolled and accepted for the surgery.

#### D Planned or completed surgery of cardiac valve diseases

Open heart surgery with insertion of artificial, mechanical or biological cardiac valve *prostheses* due to congenital or acquired valve diseases.

It is a condition that the Insured is enrolled and accepted for the surgery.

#### E Cerebral haemorrhage or blood clot in the brain (apoplexy)

A lesion of the brain which results in objective neurological functional deficiency symptoms of more than 24 hours duration as a consequence of an infarct caused by embolus or thrombosis, by a suddenly occurred subarachnoid haemorrhage or by an intracerebral haematoma or a malformation of the cerebral vessels (aneurysm).

The injury must be demonstrated by a CT scan and the diagnosis must have been made in a neuromedical or neurosurgical hospital ward or have been confirmed by a specialist in neuromedicine or neurosurgery.

#### F Saccular dilation of the arteries of the brain (intracranial saccular aneurysm)

The insured, who on the basis of an X-ray examination or a scan of the arteries of the brain (angiography) is on a waiting list, or has had surgery or treatment of saccular dilation of the arteries of the brain.

Cover is also provided in cases where such treatment cannot be made due to technical reasons.

#### G Certain non-malignant tumors in the brain and the spinal cord

Non-malignant tumors in the brain or the spinal cord or the membranes of these organs, which could not be completely removed by surgery, or which leave sequelae after the surgery in the nervous system resulting in a degree of disablement of at least 30% according to the Permanent Injury Rating List of the Danish National Board of Industrial Injuries.

## H Multiple sclerosis

A chronic disease that is characterised by repeated attacks with neurological functional deficiency symptoms from various parts of the central nervous system.

The diagnosis must be made by a neuromedical or neuro-surgical ward and must be confirmed by at least one of the following three examinations:

- increased IgG index in the cerebrospinal fluid.
- prolonged latency at EVP (inadequate if only nervous opticus is affected clinically),
- typical changes in MR scan of the brain.

## I Amyotrophic Lateral Sclerosis (ALS)

A progressive e, chronic and incurable disease that involves degeneration of the central peripheral nervous system and with muscular atrophy, paralysis and reinforced reflexes.

The diagnosis must be made by a neurological ward or by a specialist in neurology and must be confirmed by electromyography.

## J Muscular atrophy

One of the following diseases: Limb-Girdle muscular dystrophy, Myasthenia Gravis, Distal muscular atrophy (Charcot-Marie-Tooth).

It is a condition that the Insured is enrolled and accepted for the surgery.

## M AIDS

A disease caused by infection with HIV with resulting complications in the form of candida, cytomegalovirus infection, pneumocystis carinii, myco bacteria, Kaposi Sarcoma, lymphomae and others.

The diagnosis must adhere to the criteria of the Danish National Board of Health for prescribed AIDS and must have been made by a ward for infectious diseases.

## N HIV infection as a consequence of blood transfusion or work-related infection

Infection with HIV-1 as a consequence of blood transfusion received after the commencement of the insurance.

Only persons who comply with the criteria of the Danish National Board of Health, for reimbursement of transfusion related HIV infection fulfil the conditions for payment of the insurance.

The insurance also covers persons who, while performing their professional work in connection with work-related lesions or exposure to infection to the mucous membranes, develop HIV infection.

As documentation of the infection the accident must be reported and accepted as an industrial injury and a negative HIV test must have been made within one week after exposure to the infection followed by a positive HIV test within the next 12 months.

## 28.3 Exclusions

### The insurance does not cover

- a) persons who on the date of the event leading to the claim have reached the age of 65 years,
- b) Critical illness that is a result of abuse of medicine or consumption of medicine that is not prescribed by a physician or is a consequence of abuse of alcohol, drugs or similar poisonous toxins.

## 28.4 In case of a claim - documentation requirements

It is a condition for Europæiske ERV's compensation liability that the claim is reported to Europæiske ERV as quickly as possible on a claims form.

The claim report must be filled in by the Insured and the attending physician.

## 28.5 Payment of the sum insured

Europæiske ERV pays the sum insured when the Insured has submitted information necessary to determine the obligation of the company and the size of the sum insured.

It is furthermore a condition for the payment of the sum insured that the diagnosis be made later than 3 months after the commencement of the insurance.

If prior to the commencement of the *insurance period* the Insured has been diagnosed with or received treatment of one of the critical illnesses covered by the insurance, the policy does not cover the diagnoses in question (the time of diagnosis is crucial and not the time when the Insured is informed of the diagnosis). However 28.2.A (cancer) shall only apply if prior to the commencement of the insurance the Insured has been diagnosed with cancer and at least 10 years have passed since the cancer diagnosis was made and no recurrences have been determined during the period, the Insured is then entitled to compensation for another form of cancer illness, inclusive of recurrences after 10 years.

Diagnosis made after the cessation of cover does not entitle the Insured to payment.

Diagnosis means the illnesses mentioned in section 28.2 A-N. As an example, 28.2 A is one diagnosis so that payment cannot be made more than once in accordance with 28.2.A, even if the Insured is subsequently diagnosed with other types of cancer.

The payment constitutes the sum insured at the time of the diagnosis.

## 47. War zones

For countries or areas, which Europæiske ERV defines as *war zone*, special rules apply. Europæiske ERV's War and Risk list is available on [www.erv.dk](http://www.erv.dk)

### 47.1 Special provisions for war zones

If the country or area is classified by Europæiske ERV as a *war zone* after the Insured has arrived in that country or area, the policy provides the following cover:

#### Illness

The sum insured taken out up to a maximum of DKK 1 million.

#### Personal accident (full-time)

The sum insured taken out up to a maximum of DKK 1

million for loss of life and DKK 1 million for permanent disability, although so that the insurance covers the percentage of the sum insured corresponding to the degree of permanent disability irrespective of the provisions of Section 23.3.B 4).

#### Household contents

DKK 50,000 irrespective of the sum insured taken out.

All other sections of cover are suspended.

It is, however, a condition that the above cover types have been taken out for the stationing in question. This reduced cover applies for a maximum of 3 months from the first time when the country or the area was classified as a *war zone* by Europæiske ERV. If the country or the area is removed from the list as *war zone*, a new 3 months period will commence if the country is then classified as *war zone* again.

Europæiske ERV's possibilities of providing assistance in connection with claims arising at the relevant location, e.g. arranging repatriation and the like, can be limited in areas in which a state of war prevails. Europæiske ERV will, however, if necessary, co-operate with the Danish Ministry of Foreign Affairs in such cases.

#### 48. Premium payment

The first premium is due for payment not later than the date on which the policy comes into force and subsequent premiums on the specified due payment date.

The premium will be collected via giro or via a bank. The Insured bears the costs of premium collection.

Premium Tax to the State is calculated in accordance with the provisions in the Premium tax act and collected along with the premium.

The premium collection will be sent to the payment address specified by the Insured. If the payment address is changed, Europæiske ERV must be notified immediately.

If the premium has not been paid, Europæiske ERV will send a reminder. The reminder will be sent not earlier than 14 days following the date on which payment is due. This reminder contains information stating that the cover provided by the policy will lapse if the premium has not been paid at the latest 14 days following the date on which the reminder is sent.

In case of missing payment of premium and attendant reminder Europæiske ERV is entitled to charge reminder fee in accordance with the at any time applicable rules. Europæiske ERV reserves the right to regulate fees to the extent these do not cover Europæiske ERV's actual expenses.

In case of delayed payment of premium Europæiske ERV may suspend payment of all claims under the policy. This suspension can last until such time as Europæiske ERV has received all premiums due including any would-be interest.

#### 49. Index-adjustment

Index-adjustment is made on the basis of the consumer price index published by Denmark's Central Bureau of Statistics for the month of June. The base point for adjustment is the consumer price index for September 2002.

Europæiske ERV is entitled to make index-adjustment based on another index insofar as this change is made effective for all insurances of the same kind.

#### Premium

All premiums for the individual cover types are index-adjusted annually on the principal date of payment.

#### Sum insured

The following total sums insured are index-adjusted:

- Illness
- Personal Accident (Full-time) – Basic cover
- Personal Accident (Full-time) – Extended cover
- Life Insurance – Permanent disability (illness)
- Critical illness
- Household contents
- Travel Insurance Basic cover (only Baggage)
- Travel Insurance Extended cover (only Baggage)

#### 50. Duration and cancellation of the insurance

- a) The insurance is taken out for 1-year periods and remains in force until it is cancelled in writing or amended with at least 1 month's notice prior to the expiry of an *insurance period* by one of the parties.
- b) in case of a changed legislation, a changed interpretation or regulation of legislation in the *country of residence*, or changes of which Europæiske ERV must be notified as per item 1.6. result in Europæiske ERV no longer being able to offer insurance in the *country of residence*, Europæiske ERV reserves the right to terminate the policy with 6 months notice.
- c) Subsequent to each claim, during the period from reporting the claim and up to 14 days following payment or rejection of the claim, both Europæiske ERV and the Insured can cancel the policy with 14 days notice but only as far as this particular claimant is concerned.
- d) The policy is automatically annulled in case the expatriate is no longer working with one of the companies mentioned in the agreement signed between the Policy holder and Europæiske ERV or on the policy.

#### 51. Amendment of premium or conditions

- a) On the first principal date of payment after the Insured's 60th birthday the premium for Basic Cover, Extended Basic Cover, Personal Accident (full-time)- Standard Cover and Personal Accident (full-time)-Extended Cover, will be doubled.
- b) On the first principal date of payment after the Insured's 18th birthday, ordinary premium for Basic Cover and Extended Basic Cover shall be paid.
- c) Europæiske ERV can change the premium tariff and/ or the insurance conditions for the policy, in which case

said would-be changes will take effect from the start of the upcoming *insurance year*.

- d) If the Insured is unable to accept an increase of the premium or an amendment of the policy conditions, Europæiske ERV must be notified thereof not later than 14 days after Europæiske ERV's notification of an increase of the premium or amendment of the policy conditions, after which the insurance shall cease at the expiry of the current *insurance year*.

## 52. Deceitful and false information

Should the Policy holder or the insured have, at any point including but not limited to the time the insurance is first taken out, changed original documents, given false information or failed to disclose a fact which must be presumed to be of importance to Europæiske ERV, the policy is null and void and Europæiske ERV free of any liability in so far as Europæiske ERV would not have accepted the policy had the information and facts been disclosed. In case Europæiske ERV would have accepted the policy, but on other conditions Europæiske ERV is liable to the extent to which Europæiske ERV would have committed in return for the premium agreed upon.

## 53. Personal data processing and disclosure of information

We will only use your personal data for legitimate legal insurance related purposes and only retain your data for the duration required by our operational purposes and applicable law. ## 56. Other insurances

The insurance does not cover costs or pay out compensation for claims which have already been covered by another insurance company or credit card. Underwriter shall be fully and completely subrogated to the rights of the Insured Person against parties, who may be liable to provide an indemnity or make a contribution with respect to any matter which is the subject of a claim under this certificate. Underwriter may at its own expense take over Insured Person's rights against third parties to the extent of its payments made. Insured shall cooperate with the underwriter and provide such information and documentation reasonably required by underwriter in order to collect and enforce its rights of subrogation. Underwriter may institute any proceedings at its own expense against such third parties in the name of the Insured Person. (This provision is applied when the case is settled by a foreign court).
