Your insurance card is a security on the journey

Fill out the insurance card below, print it out and bring it along when traveling. If something happens on your trip, you will now have our contact information at your fingertips.

When should you contact ERGO Alarm?

You should contact our alarm in case of emergency or serious incidents during your trip. This could be if you become seriously ill, have an accident or are hospitalized. ERGO Alarm is open 24/7 and can be reached at +45 70 10 90 30.

We wish you a safe travel!

To the insured
Contact ERGO Alarm if you become ill, hospitalized or in any other way need immediate assistance abroad. We will assist you and direct you to the physician and hospital closest to your location. Contact your local Euro-Center if you need additional assistance.

To the physician and hospital
ERGO Alarm must be notified immediately in the event of hospitalization or in case of possible repatriation. If requested, ERGO Forsikring will verify benefits.
